'Ibrahim Medical College Journal' is a bi-annual publication of Ibrahim Medical College. The Journal publishes original articles, review articles, case reports and letters to the editor. The information, opinion and statements within the individual article are the responsibility of its author(s). The objective of the Journal is to provide a forum for rapid publication of new findings and observations on issues pertinent to medical education and health care; and related issues of population and nutrition. The Journal prefers articles on studies that are well designed and substantiated by adequate and reliable data.
